

MD. RIZAUNUANUL HAQUE RAKIB

Phone: +8801870252607 | Email: rizaunanul@gmail.com

CAREER OBJECTIVE

Ambitious Software Engineer dedicated to developing robust, scalable, and innovative software solutions. Eager to contribute technical expertise, problem-solving abilities, and a commitment to excellence in a dynamic environment. Strong foundation in full-stack development, software design, and modern programming technologies. Passionate about building user-focused applications that improve efficiency and deliver real-world impact.

ACADEMIC PROJECTS/ SOFTWARE DEVELOPMENT

inveNow: Inventory Management System

InveNow is a modern inventory management system for small businesses, built with PHP, MySQL, JavaScript, HTML, and CSS. It enables efficient product tracking, stock monitoring, inventory management, and business insights through a user-friendly interface.
